what is the reality of being a midwife in the twenty first century what is it like to help and support women throughout pregnancy and childbirth and into motherhood what roles can midwives play in society this new edition of the popular text becoming a midwife explores what it is to be a midwife looking at the factors that make midwifery such a special profession as well as some of the challenges the fully updated chapters cover a variety of settings and several different stages in a woman s pregnancy including stories from midwives working in hospitals and in the community as managers supervisors and educators and as men women mothers and birth activists all chapters are narrated by contributors who introduce their own theme recount a vignette that throws light on their understandings of midwifery and reasons for becoming or not becoming a midwife and any subsequent career moves backed up by commentaries and drawing together these insights the editors show what it means to be a midwife today suitable for those contemplating a career in midwifery and providing an opportunity for reflection for more experienced midwives this thought provoking book is an invaluable contribution to midwifery

pulitzer prize winner drawing on the diaries of one woman in eighteenth century maine a truly talented historian unravels the fascinating life of a community that is so foreign and yet so similar to our own the new york times book review between 1785 and 1812 a midwife and healer named martha ballard kept a diary that recorded her arduous work in 27 years she attended 816 births as well as her domestic life in hallowell maine on the basis of that diary laurel thatcher ulrich gives us an intimate and densely imagined portrait not only of the industrious and reticent martha ballard but of her society at once lively and impeccably scholarly a midwife s tale is a triumph of history on a human scale

a midwife s tale sparknotes literature guide by laurel thatcher ulrich making the reading experience fun created by harvard students for students everywhere sparknotes is a new breed of study guide smarter better faster geared to what today s students need to know sparknotes provides chapter by chapter analysis explanations of key themes motifs and symbols a review quiz and essay topics lively and accessible these guides are perfect for late night studying and writing papers

the sunday times bestseller from the co host of the podcast what the midwife said no sleep for twenty hours no food for ten and a ward full of soon to be mothers midwives are there for us at some of the most challenging empowering and defining moments of our lives from heart wrenching grief to the pure joy of a new born baby midwife leah hazard

has seen it all but life on the nhs front line working within a system at breaking point is more extreme than you could ever imagine moving and compassionate funny and unexpected leah shares her experiences in this extraordinary love letter to new mothers and fellow midwives everywhere the stories in hard pushed highlight the bravery of our midwives and the women they care for christie watson author of the language of kindness heart rending inspiring and funny hard pushed brings alive the world of midwifery in all its complexity and radiates love and respect for women professor lesley page cbe former president of the royal college of midwives it is leah hazard s capacity to love and give so personally to the many thousands of women she has worked with which imbues this book with its power julia samuel author of grief works not only powerful but well written too daily express a riveting read heartwarming and heartbreaking sheena byrom obe midwifery consultant and author of catching babies a beautifully written intimate portrait of the extraordinary work that midwives carry out each and every day caroline elton author of also human the inner lives of doctors

what is the reality of being a midwife at the beginning of the twenty first century what is it like to help and support women throughout pregnancy and childbirth and into motherhood what roles can midwives play in society becoming a midwife explores what it is to be a midwife looking at the factors that make midwifery such a special profession as well as some of the challenges the chapters cover a variety of settings and several different stages in a woman s pregnancy each one is narrated by a midwife who introduces their own theme recounts a vignette that throws light on their understanding of midwifery and reasons for becoming a midwife and any subsequent career moves drawing together these insights the editors show what it means to be a midwife today suitable for those contemplating a career in midwifery and providing an opportunity for reflection for more experienced midwives this thought provoking book is an invaluable contribution to midwifery

the nmc have produced standards of proficiency for pre registration midwifery education and those standards have been written in an academic language for higher education institutions each student prior to being admitted to the profession must have achieved the proficiencies stated in the nmc publication the purpose of this book is to provide students with material related to the standards of midwifery education the students will be able to use the contents of this text and relate it to their own approved programme of midwifery study as their programme of study would have had to comply with nmc s requirements it will help student midwives appreciate how their own programmes have

been designed and why they are required to study and understand some of the subjects they are or will be studying

perfect for bachelor of midwifery students postgraduate midwifery students combined nursing degree students combined nursing degree students midwifery preparation for practice 3e is the definitive midwifery text for australian and new zealand midwifery students the third edition continues to reinforce the established principles of midwifery philosophy and practice that of working in partnership with women and midwifery autonomy in practice and from this perspective presents the midwife as a primary healthcare practitioner it carefully examines the very different maternity care systems in australia and new zealand exploring both autonomous and collaborative practice and importantly documents the recent reforms in australian midwifery practice midwifery preparation for practice 3e places women and their babies safely at the centre of midwifery practice and will guide inform and inspire midwifery students recent graduates and experienced midwives alike key contributors from australia and new zealand critical thinking exercises and research activities midwifery practice scenarios reflective thinking exercises and case studies instructor and student resources on evolve including test bank questions answers to review questions and powerpoint presentations new chapter on models of health increased content on cultural considerations human rights sustainability mental health obesity in pregnancy communication in complex situations intervention complications in pregnancy and birth and assisted reproduction midwifery practice scenarios throughout

the ebook version of this title gives you access to the complete book content electronically evolve ebooks allows you to quickly search the entire book make notes add highlights and study more efficiently buying other evolve ebooks titles makes your learning experience even better all of the ebooks will work together on your electronic bookshelf so that you can search across your entire library of midwifery ebooks please note that this version is the ebook only and does not include the printed textbook alternatively you can buy the text and evolve ebooks package which gives you the printed book plus the ebook please scroll down to our related titles section to find this title i still have the confidence of that whole period and i think that will stay with me for the rest of my life definitely a great sense of triumph really it s incredible being a midwife today requires not only good clinical skills but also a broad understanding of the social and emotional changes a woman goes through before and after birth the new midwifery second edition looks at combining scientific knowledge with the more intangible skills needed in sensitive communication to provide the best possible care for the mother and her family there was a kind of silence in the

relationship a stillness which was very important and we'd done all the talking in the build up so the talking was done i felt confident that she the midwife knew where i was coming from and vice versa it was like we'd done all our dress rehearsal what if what if and on the day there was nothing left to say really so it just felt very calm and i think that was the most important thing the second edition of this celebrated text explores vividly the various skills and approaches that lead to successful midwifery practice and uses care stories to bring these to life building on a thorough grounding of theory and research evidence the new midwifery will enable all midwives to practise with a more effective range of skills and as these real life quotes from mothers bear out provide unique professional support before during and after birth i think we had a really good relationship actually it was more of a friend relationship but a friend you could trust in a professional friend you could rely on provides a refreshingly new approach to key areas of midwifery practice in a way that brings practice to life illustrates and supports the fundamental changes currently taking place in midwifery around the world builds on the most up to date evidence based research to suggest guidelines for best practices explores the impact of parenthood and offers strategies for effectively supporting individuals during this period of transition includes care stories case studies that highlight positive midwifery care and successful childbirth experiences offers contrasting stories from around the world illustrating how maternity care in industrialized society differs from that in a non industrial or third world environment provides up to date research and reference material

this volume explores the unique challenges midwifery graduates face as they move into practice it identifies the similarities and differences in midwifery education regulation and clinical practice faced by graduate midwives in all continents examining the various support systems available for graduate midwives in many countries and identifying the common strategies formal and informal and approaches that have proved to be effective in supporting midwifery graduates the book volume brings together the experiences of new midwives starting out in registered practice to share the challenges and triumphs during their transition to confident practitioners it identifies explains and details both established and innovative new mechanisms in place to support new midwives in each country and examines the effects the experiences of transitioning to practice may have on future professional practice resilience and sustainability lack of support during the new graduate transition to practice has been associated with early attrition from the midwifery profession stress disillusion and horizontal violence have been identified as factors that influence midwifery attrition rates exploration of the various support mechanisms currently available in different countries may stimulate the sharing of best practices in providing new midwives with transition to practice programmes and

generate further research each chapter is harmonized to facilitate the comparison between countries and the maternity services context is explained using each country's specific legislation regulation and registration of midwives the preparation of midwifery students for qualified practice is outlined to explain how midwifery students are trained and socialized into the profession mentored in their placements and then transitioned to registered midwife status this book appeals to midwives managers educators and newly graduated interested in international midwifery practice

midwifery preparation for practice 2e is the only text which reflects the historical and socio political environment in which midwives in australia and new zealand practice in addition it is the only text which incorporates the philosophy and standards endorsed by new zealand and australian colleges of midwives while also focusing on the partnership between midwives with women and the woman centred model of midwifery care the second edition has built on the existing philosophy and structure of midwifery preparation for practice though with a greater emphasis on the development of critical thinking and researching skills key chapters have been re written to reflect recent changes in government legislation while current research and pertinent examples are included throughout the text this new edition is supported by a comprehensive suite of resources for both instructors and students using the evolve website as a platform these ancillaries will re enforce the critical thinking elements for students with interactive case studies and scenario based learning exercises as well as the multiple choice questions

early work treating the appropriate position of midwives the work is primarily a plea to legislate the training and licensing of midwives comparing their current position unfavorably with that of two hundred years before the author includes narratives of the work of specific midwives including those attending royal births and others that ere prominent in the struggle to obtain the status of licensed physician of particular interest are details of male midwives throughout the ages

their precious christmas surprise

the student's guide to becoming a midwife is essential reading for all student midwives now updated to include the latest 2012 nmc midwifery rules and standards and a brand new chapter on the midwife and public health this comprehensive resource provides a wide range of need to know information for student midwives including effective

communication and documentation confidentiality interdisciplinary working the fundamentals of antenatal intrapartum and postnatal care assessment and examination of the new born baby medicines public health clinical decision making evidence based practice with case studies words of wisdom from current midwives and a range of activities and self test questions throughout making it easy to learn and understand key concepts the student s guide to becoming a midwife is the ideal companion for students throughout their course

a marriage worth fighting for obstetrician nick jarvis and midwife liv had the perfect marriage until not conceiving the baby they ached for tore them apart
