essential theory for primary teachers is a succinct accessible introduction to the key theories concepts and policies that have shaped primary education as we know it and underpin our practice in the classroom written with the ever busy training and practising teacher in mind this straightforward guide offers the foundations for a solid understanding of how we teach and learn effectively and how we develop as professionals together with key further reading highlights a glossary of acronyms and an at a glance timeline of the major events acts and policies in education it explains core topics a short history of the education system what is education for inequality and education special educational needs and inclusion child development how children learn theories of motivation behaviour for learning assessment for learning understanding and using research evidence undertaking your own action research project essential theory for primary teachers brings together in one volume theory and knowledge that stands the test of time it guides you through what others have said about them and will help you relate them to your own practice a much needed source of guidance for training and newly qualified teachers it will support you as you develop the skills you need to teach confidently and help your learners succeed

this book has been written for parents soon to be parents teachers and caregivers who look into the eyes of a child and see infinite possibilities of good the main principles of this book are people and all of creation are innately good the resources of this goodness are directly available to everyone suzanne carter long time therapist and minister helps readers understand these ideas how to use them around children and how to implement them in their own lives carter uses these principles in dealing with effective discipline safety and wellbeing teaching right and wrong teaching children to trust themselves in such a way that they will not betray themselves all children are gifted raising confident and aware children communicates that adults must be willing to listen to their own inner knowing in order to provide a firm foundation for parenting and empowering children to become happy and well adjusted adults

this book focuses on information literacy for the younger generation of learners and library readers it is divided into four sections 1 information literacy for life 2 searching strategies disciplines and special topics 3 information literacy tools for evaluating and utilizing resources 4 assessment of learning outcomes written by librarians with wide experience in research and services and a strong academic background in disciplines such as the humanities social sciences information technology and library science this valuable reference resource combines both theory and practice in today's ever changing era of information it offers students of library and information studies insights into information literacy as well as learning tips they can use for life

a father's intimate look at his daughter's developing mind from birth to age three unlike any other time in our lives we remember almost nothing from our first three years as infants not only are we like the proverbial blank slate but our memories are like teflon nothing sticks in this beautifully written account of his daughter's first three years charles fernyhough combines his vivid observations with a synthesis of developmental theory re-creating what that time lost to the memory of adults is like from a child's perspective in a thousand days of wonder fernyhough a psychologist and novelist attempts to get inside his daughter's head as she acquires all the faculties that make us human including social skills language morality and a sense of self written with a father's tenderness and a novelist's empathy and style this unique book taps into a parent's wonder at the processes of psychological development

now in its third fully updated edition the complete book of the commonwealth games covers every result of every event of every sport in the games history from its inception in 1930 to the most recent edition in 2014 it is the ideal companion for following the 2018 gold coast games in australia

national bestseller a new york times notable book finalist for the new york public library young lions fiction award longlisted for the joyce carol oates award longlisted for the carol shields prize longlisted for the aspen words literary prize named a best book of the year by npr harper's bazaar town country kirkus reviews esquire electric literature scientific american and more one of the most pleasurable inventive reads of the year fiendishly deliciously fun san francisco chronicle a profound exploration of human nature the allure of pleasure and the choices we make in the face of adversity npr books we love it's rare to read anything that feels this unique gabrielle zevin new york times bestselling author of tomorrow and tomorrow and tomorrow land of milk and honey is truly exceptional roxane gay new york times bestselling author of bad feminist a sharp sensual piece of art raven leilani new york times bestselling author of luster the award winning author of how much of these hills is gold returns with a rapturous and revelatory novel about a young chef whose discovery of pleasure alters her life and indirectly the world a smog has spread food crops are rapidly disappearing a chef escapes her dying career in a dreary city to take a job at a decadent mountaintop colony seemingly free of the world's troubles there the sky is clear again rare

ingredients abound her enigmatic employer and his visionary daughter have built a lush new life for the global elite one that reawakens the chef to the pleasures of taste touch and her own body in this atmosphere of hidden wonders and cool seductive violence the chef's boundaries undergo a thrilling erosion soon she is pushed to the center of a startling attempt to reshape the world far beyond the plate sensuous and surprising joyous and biting sharp told in language as alluring as it is original land of milk and honey lays provocatively bare the ethics of seeking pleasure in a dying world it is a daringly imaginative exploration of desire and deception privilege and faith and the roles we play to survive most of all it is a love letter to food to wild delight and to the transformative power of a woman embracing her own appetite

a woman has vanished on the camino de santiago daniel walks the lonely trail carrying his wife petra's ashes along with the damning secret of how she really died vibrant california girl ginny seems like the perfect antidote for his grieving heart until a nightmare figure begins to stalk them and daniel's mind starts to unravel as they are pursued by things he cannot explain

a scandalous sentimental no holds barred new york times bestselling memoir from one of hollywood's most legendary stars burt reynolds was a hollywood leading man known for his legendary performances sex symbol status and infamous hollywood romances in his decades of stardom reynolds saw it all but enough about me will in his words call out the assholes try to make amends for being the asshole myself on too many occasions and pay homage to the superstars and ordinary heroes he came to love and respect beginning with reynolds's adolescence as a notable football player in south florida and the devastating car accident that ended his sports career and helped steer him toward acting but enough about me then chronicles reynolds's meteoric rise to fame from oscar nominations to the spread in cosmopolitan magazine to the financial decisions that took him from rich to poor and back again reynolds shares the wisdom that came from his many highs and lows he also opens up about his romances and breakups with some of hollywood's leading women including the two loves of his life dinah shore and sally field and his turbulent relationship with loni anderson to whom he was forced to pay record setting amounts of alimony and child support after the couple divorced through it all reynolds reflects on his personal pitfalls and recoveries and focuses on his legacy as a father and acting teacher

afghanistan march 2002 in the early morning darkness on a frigid mountaintop a u.s. soldier is stranded alone surrounded by fanatical al qaeda fighters for the man's fellow navy seals and for waiting teams of army rangers there was only one rule now leave no one behind in this gripping you are there account based on stunning eyewitness testimony and painstaking research journalist malcolm macpherson thrusts us into a drama of rescue tragedy and valor in a place that would be known as roberts ridge for an elite team of seals the mission seemed straightforward enough take control of a towering 10 240 foot mountain peak called takur ghar launched as part of operation anaconda a hammer and anvil plan to smash taliban al qaeda in eastern afghanistan the taking of takur ghar would offer u.s. forces a key strategic observation post but the enemy was waiting hidden in a series of camouflaged trenches and bunkers and when the special forces chopper flared on the peak to land it was shredded by a hail of machine gun small arms and rpg rounds a red haired seal named neil roberts was thrown from the aircraft and by the time the shattered helicopter crash landed on the valley floor seven miles away roberts's fellow seals were determined to return to the mountain peak and bring him out no matter what the cost drawing on the words of the men who were there seals rangers medics combat air controllers and pilots this harrowing true account the first book of its kind to chronicle the battle for takur ghar captures in dramatic detail a seventeen hour pitched battle fought at the highest elevation americans have ever waged war at once an hour by hour bullet by bullet chronicle of a landmark battle and a

sobering look at the capabilities and limitations of america's high tech army roberts ridge is the unforgettable story of a few dozen warriors who faced a single fate to live or die for their comrades in the face of near impossible odds

aids is not solely a medical issue but also has profound implications for social and family relationships traditionally when a person is ill the family is seen to provide emotional practical and social support experience has shown however that aids disrupts this conventional pattern of support on the one hand aids like any other serious illness affects family members both from day to day and in the long term what distinguishes aids from so many other illnesses is the associated social stigma and the fact that hiv may be transmissible or may have been transmitted within a relationship most psychological and social research has concentrated on the impact of aids on individuals only recently has attention turned to the effect of aids on the family this is the first book to address aids in the family and draws on the work of experienced researchers and practitioners from around the world it is most fitting that the book should first be published in 1994 the united nations international year of the family recognizing the role of the family may mark a change in emphasis in future social research and policy in relation to hiv and aids

the intermediate archer fills the resource gap helping those archers who have taken their first steps by completing a beginner's course and are wondering where to go next it is the answer to all of the intermediate archer's questions such as how do they improve their technique what sort of equipment should they buy and what type of archery is right for them author ben hastings provides the information every intermediate archer needs he covers archery types bow types other equipment and equipment maintenance the anatomy of the bow technique competition the mental side of archery and more all in this one concise yet complete guide with this book the intermediate archer can feel confident as they further improve and enhance their skills

the oscar shortlisted documentary command and control directed by robert kenner finds its origins in eric schlosser's book and continues to explore the little known history of the management and safety concerns of america's nuclear arsenal a devastatingly lucid and detailed new history of nuclear weapons in the u.s. fascinating lev grossman time magazine perilous and gripping schlosser skillfully weaves together an engrossing account of both the science and the politics of nuclear weapons safety san francisco chronicle a myth shattering exposé of america's nuclear weapons famed investigative journalist eric schlosser digs deep to uncover secrets about the management of america's nuclear arsenal a groundbreaking account of accidents near misses extraordinary heroism and technological breakthroughs command and control explores the dilemma that has existed since the dawn of the nuclear age how do you deploy weapons of mass destruction without being destroyed by them that question has never been resolved and schlosser reveals how the combination of human fallibility and technological complexity still poses a grave risk to mankind while the harms of global warming increasingly dominate the news the equally dangerous yet more immediate threat of nuclear weapons has been largely forgotten written with the vibrancy of a first rate thriller command and control interweaves the minute by minute story of an accident at a nuclear missile silo in rural arkansas with a historical narrative that spans more than fifty years it depicts the urgent effort by american scientists policy makers and military officers to ensure that nuclear weapons can't be stolen sabotaged used without permission or detonated inadvertently schlosser also looks at the cold war from a new perspective offering history from the ground up telling the stories of bomber pilots missile commanders maintenance crews and other ordinary servicemen who risked their lives to avert a nuclear holocaust at the heart of the book lies the struggle amid the rolling hills and small farms of damascus arkansas to prevent the explosion of a ballistic missile carrying the most powerful nuclear warhead ever built by the united states drawing on recently declassified documents and interviews with people who

designed and routinely handled nuclear weapons command and control takes readers into a terrifying but fascinating world that until now has been largely hidden from view through the details of a single accident schlosser illustrates how an unlikely event can become unavoidable how small risks can have terrible consequences and how the most brilliant minds in the nation can only provide us with an illusion of control audacious gripping and unforgettable command and control is a tour de force of investigative journalism an eye opening look at the dangers of america s nuclear age

the guardian 2021 best crime and thriller pick an unforgettable narrative voice paula hawkins a darkly dazzling debut gripping lisa jewell gorgeously written pandora sykes i loved this book clare mackintosh sharp edged and highly discussable booklist so that was all it took i thought that was all it took for me to feel like i had all the power in the world one morning one moment one yellow haired boy it wasn t so much after all chrissie knows how to steal sweets from the shop without getting caught the best hiding place for hide and seek the perfect wall for handstands now she has a new secret it gives her a fizzing sherbet feeling in her belly she doesn t get to feel power like this at home where food is scarce and attention scarcer fifteen years later julia is trying to mother her five year old daughter molly she is always worried about affording food and school shoes about what the other mothers think of her most of all she worries that the social services are about to take molly away that s when the phone calls begin which julia is too afraid to answer because it s clear the caller knows the truth about what happened all those years ago and it s time to face the truth is forgiveness and redemption ever possible for someone who has killed the gripping and dark book club debut with a compelling voice at its centre perceptive and compassionate guardian a stunning debut washington post compelling stunningly powerful grazia an extraordinary and heart rending novel observer compulsively readable ashley audrain this is outstanding so powerful tracy fenton a gripping unsettling debut novel abigail dean readers love the first day of spring a powerful distressing haunting but ultimately brilliant read such a heartbreaking and powerful psychological drama that will stay with me for a long time an incredible book a thought provoking dark and compulsive read highly recommend you do not want to miss the first day of spring
